Key Responsibilities:

- Provided technical support to manufacturing operations and production facilities across India.
- Ensured timely execution of preventive maintenance activities.
- Troubleshoot manufacturing process and operational issues.
- Collaborated with R&D, Operations, and Quality teams to improve production efficiency.
- Performed optical and laser alignment of specialized instruments.
- Participated in process improvement and technology enhancement initiatives.
- Coordinated with vendors for procurement of equipment and AMC/CMC contracts.
- Monitored process performance and implemented reliability improvements.
- Contributed to commissioning and setup of new manufacturing facilities.
- Take care of deployment of new production lab project.
- Conducted employee training during deployment of new laboratory projects.
- Supported IQ/OQ/PQ validation activities and commissioning of Flow Cytometers and laboratory utilities.

Azure Cloud Engineer

UT Kloud Technologies

Pune, India | Oct 2021 – Aug 2025

Key Responsibilities:

- Administered Microsoft Azure cloud infrastructure supporting production environments.
- Managed Azure Virtual Machines (Windows & Linux), Storage, Monitoring, and Backup services.
- Configured and maintained Azure Virtual Networks, VPNs, Azure Bastion, and VNet Peering.
- Implemented and managed Azure Firewall configurations.
- Performed troubleshooting of cloud infrastructure and networking issues.
- Migrated on-premises VMware and Hyper-V workloads to Azure Cloud.
- Collaborated with infrastructure, security, and application teams to ensure operational excellence.

Tech Lead

Orcapod Consulting Services (C2H)

Bengaluru, India | Aug 2025 – Nov 2025

Key Responsibilities:

- Managed Azure cloud resources including Virtual Machines, Storage Accounts, Monitoring solutions, and Backup services.
- Collaborated with application, infrastructure, and security teams for incident resolution.
- Maintained system documentation, operational procedures, and change records.
- Supported internal stakeholders and ensured smooth communication across teams.

CERTIFICATIONS

Microsoft Certifications

- Microsoft Certified: Azure Administrator Associate (AZ-104)

Oracle Cloud Certifications

- Oracle Cloud Infrastructure Foundations Associate (1Z0-1085-25)
- Oracle Cloud Infrastructure Architect Associate (1Z0-1072-25)

EDUCATION

Bachelor of Engineering (Electronics & Telecommunication)

Shivaji University (May 2010)

Higher Secondary Certificate (HSC)

Pune Board (Mar 2005)

Secondary School Certificate (SSC)

Pune Board (Mar 2003)
